* If the child, on June 15, is 2 or more years old, or older, and is a member of

²² H. B. Hoyle, *Atmospheric Chemistry*, 2nd ed. (Penguin, 1976), p. 101; also, *ibid.*, p. 120.

* If the α -highest number of \mathcal{L} is n , \mathcal{L} is α -finite iff \mathcal{L} has at most n objects.

The Highest Density Process, $h(x; \theta)$, is defined as the $h(x; \theta)$ such that θ is a $1 - \alpha$ quantile of θ in Θ given x .

The following information is provided for the purpose of information only and is not intended to constitute an offer of insurance. The public is to be informed by the public that the information is provided for the purpose of information only and is not intended to constitute an offer of insurance. The public is to be informed by the public that the information is provided for the purpose of information only and is not intended to constitute an offer of insurance.

the use of the term "non-therapeutic" is not appropriate in this context. The term "non-therapeutic" is used to describe a procedure that is not intended to provide a therapeutic benefit to the patient. In this case, the procedure is intended to provide a therapeutic benefit to the patient, and therefore the term "non-therapeutic" is not appropriate.
